

15 June 2016

Dear Sir/Madam

Melville Residents Association objection to The Federal Liquor Licence Application

As a representative of the residents living in Melville we met with James Diack on the **10th of May 2016** to understand his plans for his newly planned establishment in Melville, called The Federal.

Per our standard process we had initially objected to the liquor licence application for The Federal.

Having met with James to discuss our concerns, the Melville Residents Association committee has signed an agreement with James on certain terms/restrictions we would like applied to the licence. (*see attached*)

Based on this agreement signed on the **13th June 2016** we have withdrawn our objection to The Federal's liquor licence.

Kind regards,

E VAN GILS
